Drivers are advised to only use Road 1W and Provincial Rd 305 East/West to enter or leave the farm.

We strongly recommend that you do NOT use other roads in the area because of the following reasons:

- Not safe for heavy truck traffic.
- Washed out when wet. Travelling on these roads when wet could compromise the integrity of your truck, trailer and load, especially when hauling a deck trailer.
- Too narrow for safe travel.
- Too tight to turn around.

Please note that using other roads is at your own risk and that towing in this area is expensive.
